GUIDING PRINCIPLES FOR THE PLANNING PROCESS

1. Using an inclusive, community-driven, participatory process, we will create an action plan for growth.

2. Along the way we will determine and affirm our community values, identity and aspirations.

3. We will create a 30 year plan that is a fiscally responsible use of resources and is realistically actionable.

Planning for our future.

# ABOUT THE CITIZEN ENGAGEMENT TEAM

A Citizen Engagement Team (CET), consisting of four local residents and four City of Columbus staff members, has come together to help create the Columbus Road Map to 2050. CET members are:

Liz Davis	Matt Schreiber
Ryan Duffy	Michael Thom
Cindy Fesemyer	Patrick Vander Sanden
John Russell	Suzy Zeitlow

PLANNING FOR OUR FUTURE.

COLUMBUS ROAD MAP TO 2050

COLUMBUS ROAD MAP TO 2050

What is the Columbus Road Map to 2050?

A 30-year vision and action plan for fiscally-responsible investment in our community. The Road Map will be focused on community services and facilities, especially our major public buildings and programs.

Who is creating this plan?

A Citizen Engagement Team (CET) consisting of four residents and four City of Columbus staff members is coordinating the process. MSA Professional Services is assisting with development of the plan. The entire team is committed to an inclusive, community-driven process, with many people providing ideas.

How will this plan be used?

The plan will be reviewed and cited by elected officials, City staff and community groups, no less than once each year during annual budgeting, to guide investments in community services and facilities.
